Computer Engineering

2021 - 2026(expected graduation year)

SKILLS

- C, JAVA
- SQL
- HTML, CSS, JAVASCRIPT
- C#(.NET - MVC)

LANGUAGES

- ENGLISH

HAKKIMDA

I am a third-year student studying computer engineering at Istanbul Aydin University, where I receive 100% English-medium education. I am actively developing myself in the field of web development. I am proficient in programming languages and technologies such as C#, SQL, .NET Framework, HTML, CSS and JavaScript. While enhancing my problem-solving skills with a creative approach, I also highly value teamwork. My goal is to build a successful career in the industry by continuously expanding my knowledge and experiences.

WORK EXPERIENCE

IT-INTERN

MODALOG-Istanbul

- I had the chance to do an full-time internship on the E-Commerce website name is Modalog between July and September on 2023. During this time, I had chance to improve myself in the fields of #, SQL, HTML,CSS and JavaScript.
